H. Chinese Pulse Diagnosis - Dr. Peter Sheng. Using pulse pattern diagnosis to guide herbal therapy. www.petersheng.com (Room 110)

The pulse is measured in both Western medicine and Chinese medicine, but there are key differences. In Western medicine, we typically measure the heart rate, which is taken with blood pressure as part of a standard physical exam. In Chinese medicine, pulse diagnosis is a significantly more developed art form, a tool that practitioners use to assess the health of all the major organ systems of the body. In a sense, pulse diagnosis is like the “MRI” of traditional medical systems. Before modern imaging techniques, healthcare practitioners needed ways of evaluating what was happening inside the bodies of their patients. Although technology has developed significantly over time, pulse diagnosis remains a very helpful tool in assessment and diagnosis.

Dr. Peter Sheng is one of Cincinnati's most prominent, beloved holistic medical doctors, providing exceptional integrative medical care, combining traditional Chinese medicine such as acupuncture and herbal therapy with conventional Western medical care. Dr. Sheng's integrative care is backed by 20+ years of experience as a board-certified medical doctor. As an internist and cancer specialist, he has helped thousands of people survive life-threatening illnesses and overcome severe pain and many chronic diseases, helping them live well in the process. Dr. Sheng was named one of the best physicians in Cincinnati by his peers and patients in Cincinnati Magazine in 1998, 2000, 2008 and 2009.

He is a healer, channel, writer of three books, artist and it is said that more people have had out of body experiences while listening to his music than any other musician alive today.

In this remarkable presentation, David will explore what actually happened 2,000 years ago based on three years of evidential orchestrated synchronicities that connect with what people have experienced at the 350 “Portal Between Heaven and Earth” events he has presented since 2014 that align with historical facts about the Virgin Birth being added to the Bible in 381AD and the cave of Mary Magdalena in southern France.

He will sing, *A Rose Still Grows in the Desert*, a channeled song written with Mary Magdalena, and play a Soul Ascension Flute Meditation.

While David was sharing this information at Unity of Sedona, an attendee raised her hand three times to share that her Mary Magdalena Discussion & Channeling group received the same information about the Roman soldier who took Jesus down from the cross after six hours and helped him and Mary Magdalena escape three days later while he was in a coma.

Everyone knows that Jesus was Jewish and his real name is Yeshua, but most people don't know that he was a rabbi, and to become a rabbi you must first have a wife and children.

After returning from the cave of Mary Magdalena in the south of France where they actually lived together, David shared this information at the world famous Spiritualist Church in Casadega, Florida. The pastor's wife told him, "My husband has been the pastor here for 45 years and I've seen every famous spiritual speaker come through and this was absolutely the best presentation I've ever heard. I was convinced without a shadow of a doubt that this is what actually happened. It's Undeniable!"
